

Risk Assessment

Equipment / activity: Nintendo Wii
Date: 13/12/2023

Hazard	Who is at risk?	Possible effects/harm	Likelihood (high, medium, low)	Evaluation & Control Measures	Revised risk rating (high, medium, low)	Are there adequate control measures in place?
Bodily injury	Participants	Strains, sprains, bruising	High	<p>Participants should play the game at their own ability.</p> <p>Participants should never use the hand controller without it being strapped to wrist.</p>	Medium	Yes

Electrical equipment	Participants, staff, spectators	<p>Electric shock, injuries through tripping over cables.</p> <p>Injury from screen tipping over.</p>	Low	<p>All electrical equipment to be PAT tested.</p> <p>All equipment to receive regular checks for damage.</p> <p>All cables should be covered where possible and placed away from public walkways etc.</p> <p>Participants are to stay a safe distance away from the plasma screen to avoid striking it during play.</p> <p>Spectators should keep a distance away from the play area and equipment.</p>	Low	Yes
-----------------------------	---------------------------------	---	-----	---	-----	-----

Pre-existing medical conditions	Participants	Injuries or illness exacerbated by participation.	Medium	<p>Anyone with pre-existing illness or injury that would be affected by play should not take part.</p> <p>Pregnant women should not take part.</p> <p>Anyone who becomes ill whilst playing should stop immediately and seek help.</p>	Low	Yes
Fire	Participants, staff, spectators	Burns	Low	<p>All electrical equipment to be PAT tested.</p> <p>No naked flames or smoking allowed near the equipment.</p>	Low	Yes

Misuse	Participants	Various injuries	Low	<p>Manufacturer's instructions should be followed at all times.</p> <p>Anyone seen to be misusing equipment should be asked to leave play.</p> <p>Anyone under the influence of too much alcohol or drugs are not allowed to use the equipment.</p> <p>Staff reserve the right to stop play at any time if they feel inappropriate behaviour is taking place</p>	Low	Yes
---------------	--------------	------------------	-----	--	-----	-----

Risk rating

High

For example:

- fatality possible to one or more individuals however infrequent
- major injury to few individuals occurring frequently
- likelihood of long term muscular-skeletal problems affecting significant numbers of staff

Immediate action required

Medium

For example:

- major injury to one/few individuals occurring infrequently
- likelihood of long term muscular-skeletal problems affecting some staff. Requires attention as soon as possible

Low

For example:

- minor injury occurring infrequently to few staff.
Not a priority, may need attention if not as low as reasonably practicable.
